Dear Partners in Caring:

Gift of Life International is proud to partner with you in providing hope for children in need throughout the world who have heart disease. The Gift of Life Global Network we are a part of provides care to over 1,000 children per year from emerging countries who otherwise would not have access to this lifesaving care.

This report represents the impact your investment in Rotary Global Grant 1528500 had in El Salvador. Thanks to your generous donation, doctors and nurses at Hospital Benjamin Bloom were empowered to do what they were trained to do...save their kids. Additionally, they were provided expert training from some of the finest doctors and nurses in the pediatric cardiac field.

As you read through this report, please know the impact you have had on the children you see pictured, as well as their parents and the local healthcare professionals who care for them. You are part of the Gift of Life Global Network which is now a worldwide leader in the treatment of children with heart disease.

We are honored to call you our partner and thank you for your generosity and partnership.

Sincerely,

Rob Raylman
