UGANDA - SEPTEMBER 2015

Uganda Heart Institute, Mulago Hospital, Kampala, Uganda

7 Children Treated
Dear Partners in Caring:

Gift of Life International is proud to partner with you in providing hope for children in need throughout the world who have heart disease. The Gift of Life Global Network we are a part of provides care to over 1,000 children per year from emerging countries who otherwise would not have access to this lifesaving care.

This report represents the impact your investment had in Uganda. Thanks to your generous donation, doctors and nurses at the Uganda Heart Institute were empowered to do what they were trained to do...save their kids. Additionally, they were provided expert training from some of the finest doctors and nurses in the pediatric cardiac field.

As you read through this report, please know the impact you have had on the children you see pictured, as well as their parents and the local healthcare professionals who care for them. You are part of the Gift of Life Global Network which is now a worldwide leader in the treatment of children with heart disease.

We are honored to call you our partner and thank you for your generosity and partnership.

Sincerely,

Rob Raylman
Chief Executive Officer

Date of Surgery: 9/24/15

Maria - 6 Days
Diagnosis: Pulmonary & Tricuspid Artresia
Date of Surgery: 9/23/15
In Loving Memory
Sadat Mutungi

God saw him getting tired, a cure was not to be.
He wrapped him in His loving arms and whispered
‘Come to Me.’
He suffered much in silence, his spirit did not bend,
He faced his pain with courage, until the very end.
He tried so hard to stay with us
but his fight was not in vain
God took him to His loving home

Sadat - 5 Months
Diagnosis: TAPVC
Date of Surgery: 9/23/15 & 9/25/15

Ketura - 5 Years
Diagnosis: Large VSD
Date of Surgery: Not operated
Thank you for healing our little hearts!
