Our Mission

Gift of Life International (GOLI) works to provide hope to children from developing countries who suffer from heart disease, regardless of their gender, creed, or national origin, by supporting autonomous Gift of Life programs in an effort to care for these children in need and to coordinate the development of sustainable pediatric cardiac surgery, catheterization and aftercare programs in select countries through the empowerment of local healthcare professionals.

The Need

Congenital heart disease is the #1 birth defect worldwide. 5.5 million children are born annually with a heart defect. 94% are born into a country that cannot provide them care.

Thanks to your support and investment in our efforts and the efforts of Gift of Life programs around the world, each year, over 1,000 children from 67 countries are now receiving treatment for their heart disease.

Your support has allowed for healthcare professionals in Uganda, El Salvador and Jamaica to be empowered to do what they were trained to do: SAVE THEIR KIDS! Your investment in our efforts in The Philippines and Haiti has provided hope to children who otherwise would live in despair. Your on-going belief in our organization has enabled us to support the 71 Gift of Life programs worldwide in a common quest to increase their capacity to provide treatment to as many children as possible.

Our Accomplishments Are Your Accomplishments!

As you review the information provided in this report, we hope you see the impact you have made in the lives of children around the world. The outstanding success we have achieved in Uganda, El Salvador and Jamaica continues to bring us closer to our vision of developing sustainable pediatric cardiac surgery, catheterization and aftercare programs in these Gift of Life International Core Countries.

You are the heartbeat of our organization and we are forever thankful to you for the faith and trust you continue to place in us. Because of you, where once there was only despair, there is now hope for over 1,000 children every year.

Sincerely,

Suzanne M. Freaney
President
Gift of Life International

Rob Raylman
Executive Director
Gift of Life International
Between 1975 and 2003, the traditional focus of GOL programs was to bring one child at a time from developing countries to the U.S. for cardiac treatment.

In 2003, GOLI was formed with the following Guiding Principles:
- Develop new GOL programs
- Maximize the capacity of existing GOL programs to help children
- Develop partnerships with like-minded, non-governmental organizations
- Tell the collective story of GOL programs

In 2009, GOLI created the strategy to focus on developing sustainable pediatric cardiac surgery, catheterization and aftercare programs in select countries. The following criteria was established for the selection of our Core Programs:
- Supportive and invested government
- Motivated and involved hospital administration
- Established pediatric cardiac surgery program
- Existing in-country, non-governmental organization to support the program

Through this evolution, GOL programs worldwide have treated over 17,000 children from 67 countries and are now helping more than 1,000 children per year who suffer from heart disease.
Our Core Programs: Uganda, El Salvador, Jamaica

Empowerment 🌟 Sustainability 🌟 Impact

Since 2009, our strategic focus on developing sustainable pediatric cardiac surgery, catheterization and aftercare programs in Uganda, El Salvador and Jamaica has been at the core of our global mission to bring hope to children who suffer from heart disease.

- **1,865 Children** treated
- **47 Training Visits** conducted
- Nearly **$7 Million Invested**
- Empowered and trained **125 Healthcare Professionals**
- **Partnerships Developed** with world-class healthcare professionals and like-minded NGO’s
- Creating **Regional Centers of Excellence** in East Africa, Central America and The Caribbean
- Established **Aftercare Programs** which focus on Nutrition, Humanized Care and reliable monitoring of the children

Our vision for each Core Program is to provide annually:

- **250 Open heart/closed heart surgical procedures**
- **150 Interventional catheterization procedures**
- Reliable and sustainable in-country funding
- Pediatric cardiac care to their surrounding region
- Fewer children leaving their country of birth for care
Our Impact in Uganda

Accomplishments: 2009 - 2014

- **574 Children** treated
- **16 Training Visits** conducted
- Trained and empowered **30 Healthcare Professionals**
- Installation of **Telemedicine Room** for on-going training
- Maintained mortality rate of **less than 5%**
- **$2.36 Million** invested
- **Government Commitment** of $500,000 per year to support surgeries performed by Ugandan Team
- **GOL Uganda** established as premier pediatric cardiac NGO
- Implemented **Nutritional Program** benefitting 40 families of children treated
- Coordinated **Stakeholder Conference** in London

Partner Training Teams:

- **Chain of Hope**
- **Riley Hospital for Children**
- **National Children’s Medical Center**

---

**Children Treated**

- In-Country
- Out of Country
- Cath Procedures

**Investment**

- Training: $1,120,000
- Essential Equipment: $350,000
- Meds and Supplies: $25,000
- Out of Country Treatment: $848,000
- Nutritional Program: $20,000

**In-Country Support**

- Ugandan Rotary: $50,000
- Gov’t Supplement: $500,000
- Corporations: $20,000

(to 6/30/14)
Our Impact in El Salvador

Accomplishments: 2010 - 2014

- 831 Children treated
- 18 Training Visits conducted
- Trained and empowered 45 Healthcare Professionals
- Maintained mortality rate of less than 5%
- Coordinated 18 month Intensive Nurse Training program
- $2.08 Million invested
- GOLI affiliate Latidos de Esperanza established as premier pediatric cardiac NGO
- Implemented Nutritional Program benefitting 250 families of children treated
- Coordinated Multi-Disciplinary Conference in 2012

Partner Training Teams:

- Boston Children’s Hospital
- University of Michigan/C.S. Mott Children’s Hospital
- Chain of Hope
- Hearts with Hope Foundation
- Driscoll Children’s Hospital

- Salvadoran Rotary: $90,000
- Digicel El Salvador: $450,000
- Corporations: $60,000
Our Impact in Jamaica

Accomplishments: 2011 - 2014

GOLI partnership with Chain of Hope UK and Chain of Hope Jamaica has led to the following:

- **460 Children** treated
- **13 Training Visits** conducted
- Trained and empowered **50 Healthcare Professionals**
- Maintained mortality rate of **less than 5%**
- **$2.41 Million** invested
- Acquisition of **$1.2 Million Bi-Plane Catheterization Lab**
- Development of **New Cardiac Unit** at Bustamante Hospital for Children
- Specialized training programs for nurses, perfusionists, cardiologists, bio-medical technicians and anesthesiologist/intensivist

**Partner Training Teams:**

- Chain of Hope
- Cardiac Kids of Florida Foundation
- Caribbean Heart Menders Association

Impacting The Lives of Children in Haiti, The Philippines, and Kosova

Bringing Hope to Those in Despair

Children born with heart disease in Haiti, The Philippines and Kosova rarely receive the care they need and their parents spend lifetimes searching for help while watching their children die. We are working to give hope to those children and their parents. These three Countries of Focus do not fall within our criteria to be selected as a Core Program. However, the need is so great that we have developed alternative strategies to help as many of these children as possible.

Haiti
- National waiting list Prioritizes and Tracks Care for the children
- Global Network collaborating on Solutions
- Building Capacity of Haitian hospitals to support medical missions
- Identifying Haitian Doctors and Nurses to train
- Conducted 5 Medical Missions treating 51 Children
- Raised $290,000 to support efforts
- Mission Teams: Open Hearts Haiti, Montefiore Children’s Hospital

The Philippines
- Coordinated 2 Medical Missions treating over 22 Children
- Stimulated efforts to Develop Broader Care for children in need
- Raised $267,000 to Support Efforts
- Mission Teams: Duke University Hospital, Miller Children’s Hospital

Kosova
- Provided lifesaving surgeries to 41 Children since 2009
- Coordinated 2 Screening Missions to identify children in need
- Developed list of 27 Children for Care in 2014
- Planning First-Ever GOL Medical Mission to Kosova
- Raised $426,000 to support efforts
- Screening Team: Dr. Joe Gaffney, Margaret Challenger, and Mickey Wilder
Signature Initiatives

Aftercare ◆ Nutritional Assistance ◆ Vocational Programs ◆ Humanized Care

Gift of Life International believes that to truly turn despair to hope, we must not only heal the heart of a child but also help ensure them a healthy future. These signature initiatives have been implemented to help achieve this goal.

GOLI affiliated NGO’s in our Core Countries provide Aftercare Follow-up to each child treated, ensuring that they are monitored regularly to maintain their health.

Nutritional Assistance Programs in El Salvador, Uganda and Haiti help ensure each child treated receives proper nourishment to support recovery and healthy growth. GOLI affiliates in these countries conduct socio-economic profiles on each family to determine if they fall within the set criteria to be eligible for this program.

Vocational Training Programs offer parents of children operated opportunities to increase their household income with new skills or new tools to help sustain their family and its basic needs. We are grateful to partner organization Lantern Projects for their support of so many families enrolled in this program in Uganda and El Salvador.

GOLI has initiated a Humanized Care Program at Hospital Bloom in El Salvador in support of efforts to help parents, children and staff cope with the stresses of heart surgery. Our goal is to provide optimal and compassionate care, and to create as normal and stable an environment as possible for children within the hospital setting, so that families will leave with an experience of competency and strength.
Like-Minded Partners

Gift of Life International is proud of our global network of caring, which is strengthened by partnerships with like-minded organizations, NGO’s and medical professionals who share one common goal:

TURNING DESPAIR TO HOPE FOR CHILDREN SUFFERING FROM HEART DISEASE

Our GOLI partners span 5 continents and support our focused efforts to develop sustainable pediatric cardiac surgery, catheterization and aftercare programs in our Core Countries as well as providing cardiac care to children around the world.

Engaging Rotary and Changing Lives Through Gift of Life

**Gift of Life is a Rotarian-based program.** Through the collaboration of the global networks of Rotary and Gift of Life, sustainable pediatric cardiac surgery, catheterization and aftercare programs are being developed in our Core Countries of Uganda, El Salvador and Jamaica. Since 2009, 1,865 children have been treated through our programs in these countries.

Additionally, through this collaboration we have saved the lives of 114 children in Haiti, The Philippines and Kosovo where otherwise children with heart disease live without hope.

**During the past 6 years, we have raised $6,083,000 through Rotary Foundation Grants and various Rotary Clubs and Districts around the world.**

These funds have:

- supported training visits to our Core Countries
- supported medical and screening missions to our Countries of Focus
- helped support the acquisition of essential equipment, supplies, medications and catheterization devices necessary to perform various surgeries in our Core Countries and Countries of Focus
- supported nutritional assistance programs

- El Salvador: $1,900,000
- Jamaica: $2,100,000
- Haiti: $290,000
- Philippines: $267,000
- Kosova: $426,000
Our Sustainable Funding Initiatives

Sustainable funding is paramount to our success and that of our initiatives throughout the world. The following diverse funding approaches have been established to provide on-going financial support for the critical infrastructure required to support these initiatives and attain our goals.

**PRESIDENT’S COUNCIL**

Allows individuals to provide hope and care to children around the world who suffer from heart disease. The President’s Council is comprised of our sustaining donors, who make multi-annual commitments to fund the infrastructure expenses of our organization.

**BUSINESS PARTNERSHIP COUNCIL**

Provides corporations the context under which to donate toward our global initiatives. This partnership provides GOLI reliable and sustainable support, allowing for the continued development of our initiatives worldwide which are saving the lives of more and more children each year.

**CAMPAIGN 250**

Created to support our efforts to develop sustainable pediatric cardiac surgery, catheterization and aftercare programs in our Core Countries as well as the efforts of our partner GOLI programs. This campaign was designed to maximize our network’s ability to help children suffering from heart disease. Monies donated through this initiative support development expenses such as the travel of our Executive Director and the acquisition of essential supplies and medications to support the empowerment of healthcare professionals in Uganda, El Salvador and Jamaica.

Our Children Say Thank You

Gift of Life recipients around the world express their gratitude in various ways and various languages. No matter which country they are from or which country they have been treated in, their message is the same:

THANK YOU FOR HEALING MY HEART!
Total Revenue To Support Our Efforts (Year End June 30, 2013)

Rotary Foundation Grants are critical to the support of our Core Programs and Countries of Focus. These grants are partnered by Rotary Clubs and Districts and Gift of Life Affiliates around the world who support Gift of Life International Initiatives. Additionally, these monies are over and above the revenue recorded in our audited financials.
Our Financials: For Year End June 30, 2013 (Audited Results)

Gift of Life International supports its salaries and wages and general operating expenses through its sustainable funding initiatives such as The President's Council, Business Partnership Council and Campaign 250.
Our Financials: For Year End June 30, 2012 (Audited Results)
