Dear Partners in Caring:

Gift of Life International is proud to partner with you in providing hope for children in need throughout the world who have heart disease. The Gift of Life Global Network we are a part of provides care to over 1,000 children per year from emerging countries who otherwise would not have access to this lifesaving care.

This report represents the impact your investment had in Haiti. Thanks to your generous donation, our expert screening team from New Jersey was able to evaluate and diagnose 91 Haitian children in a span of just five days. These evaluations included follow up for children previously operated and new patients who have now been placed on the National Cardiac Waiting List.

As you read through this report, please know the impact you have had on the children you see pictured, as well as their parents. For the first time ever, they have been provided hope and a chance of being treated for their heart ailments. You are part of the Gift of Life Global Network which is now a worldwide leader in the treatment of children with heart disease.

We are honored to call you our partner and thank you for your generosity and partnership.

Sincerely,
