Is my Registration Category 7A, EPTL, DUAL or EXEMPT?

Organizations are assigned a Registration Category upon registration with the NY Charities Bureau:

7A filers are registered to solicit contributions in New York under Article 7-A of the Executive Law ("7A")

EPTL filers are registered under the Estates, Powers & Trusts Law ("EPTL") because they hold assets and/or conduct activities for charitable purposes in NY.

DUAL filers are registered under both 7A and EPTL.

EXEMPT filers have registered with the NY Charities Bureau and meet conditions in **Schedule E - Registration Exemption for Charitable Organizations**. These organizations are not required to file annual financial reports but may do so voluntarily.

Confirm your Registration Category and learn more about NY law at www.CharitiesNYS.com

Report on the Financial Statements

We have audited the accompanying financial statements of Gift of Life International, Inc. (a not-for-profit organization, hereinafter "GOLI"), which comprise the statement of financial position as of June 30, 2016 and 2015, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to GOLI's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the

purpose of expressing an opinion on the effectiveness of GOLI's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of GOLI as of June 30, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of Gift of Life International, Inc. (hereinafter "GOLI") is presented to assist in understanding GOLI's financial statements. The financial statements and notes are representations of GOLI's management, who is responsible for the integrity and objectivity of the financial statements. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Organization: GOLI is a worldwide community assistance program for the purpose of helping needy children requiring heart surgery so that they may live a full life. The program reaches children from countries throughout the world and the United States and is directed by a nonprofit, tax-exempt corporation whose board and members are primarily Rotarians. Missions to other countries have been established in order to have foreign facilities acquire the knowledge to perform their own surgeries which is less costly than bringing children to the United States.

In addition to medical services, GOLI provides the following assistance to their patients and families:

- a. Round-trip airfare for the child and one parent or guardian
- b. Providing the child and parent or guardian with clothes and incidentals for their stay
- c. Payment of stipends to the hospitals that provide the surgery. The stipends range from \$4,500 to \$10,000 per child
- d. Educational courses
- e. Nutritious food assistance for the child and family

At times, these costs are partially subsidized by the participating Rotary Clubs. Payments are made either directly to the patient's family or participating hospital, or in some cases directly to GOLI. Rotary Club payments made directly to GOLI are recognized as revenue at the time of their receipt.

Income Tax Status: GOLI is exempt from federal income tax under section 501(c)(3), and is publicly supported, as described in section 509(a), of the Internal Revenue Code. GOLI evaluated its tax filings for uncertain tax positions and has determined that there were no uncertain tax positions for 2016 and 2015.

GOLI files IRS Form 990 and respective state and local tax returns. These returns are subject to review and examination by federal, state, and local taxing authorities. Tax returns for the years ended June 30, 2013, 2014, 2015, and 2016 are open for examination by federal, state, and local authorities. GOLI's management has registered in all states in which it believes it is required to be registered.

**NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2016 AND 2015**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Basis of Accounting: The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Revenue and support is recorded when earned and expenses are recorded when incurred.

Basis of Presentation: Financial statement presentation follows the recommendations of the Financial Accounting Standards Board as they apply to not-for-profit organizations. GOLI is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Unrestricted net assets - Net assets that are not subject to donor-imposed stipulations. In accordance with GOLI's policy, donor-restricted contributions whose restrictions are met in the same reporting period are reported as unrestricted support. Income earned on the restricted funds increases the value of such funds.

Temporarily restricted net assets - Net assets subject to donor-imposed stipulations that may or will be met, either by action of GOLI and/or the passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions.

Permanently restricted net assets - Net assets subject to donor-imposed stipulations that they be maintained permanently by GOLI. Generally, the donors of these assets permit GOLI to use all or part of the income earned on any related investments for general or specific purposes.

Cash and Cash Equivalents: For purposes of financial reporting, GOLI considers all unrestricted, highly liquid investments with an original maturity of three month or less to be classified as cash equivalents.

GOLI maintains cash in bank accounts with what it believes to be quality financial institutions, which are insured by the Federal Deposit Insurance Corporation. GOLI has not incurred any losses in such accounts to date. At June 30, 2016 and 2015, there were no cash balances in excess of the insured limits.

Receivables: Receivables are amounts pledged, but not yet collected. GOLI uses the allowance method to account for uncollectible accounts receivable. As of both June 30, 2016 and 2015, no allowance for doubtful accounts was considered necessary as management believed all amounts were collectible.

***NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2016 AND 2015***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions: GOLI receives substantially all of its revenue from contributions from direct public support. All contributions are recognized as revenue when the amounts are pledged. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily restricted net assets. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

Donated Services: GOLI benefits from contributed professional services attributable to various medical missions. Noncash contributions are recorded at their estimated fair values. For the years ended June 30, 2016 and 2015, GOLI received contributed labor with an estimated fair value of approximately \$5 million and \$4.8 million, respectively, which is included in contributions in the statements of activities and direct surgical costs in the statements of functional expenses.

In addition, GOLI benefits from volunteer services in program and administrative duties from Board members and other volunteers. Even though these donated services are valuable to GOLI, and help to advance its mission, no amounts have been reflected in the financial statements for these contributed services inasmuch as such services do not meet the criteria for recognition in the financial statements under accounting principles generally accepted in the United States of America, nor do they create or enhance nonfinancial assets.

Property, Equipment, and Depreciation: At times GOLI purchases certain equipment to be used during medical missions. GOLI generally donates the purchased equipment to one of its affiliated hospitals shortly after its purchase, thus all equipment is expensed at the time of acquisition.

Functional Expenses: The costs of providing various programs and other activities have been summarized on a functional basis in the statements of activities and functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited based upon an analysis of personnel time and space utilized for the related activities. Management and general expenses include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of GOLI.

Advertising: GOLI uses advertising to promote its programs and events within the community it serves. Advertising costs are expensed as incurred.

**NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2016 AND 2015**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments: Investments in marketable securities with readily determinable fair values and all investments in debt securities are valued at their fair values in the statements of financial position. Cash accounts associated with investment accounts are included in restricted cash and cash equivalents. Unrealized gains and losses are included in investment income in the statements of activities.

Fair Value Measurement: Investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value hierarchy is used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring the most observable inputs to be used when available. The fair value hierarchy is categorized into three levels (see Note 2).

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications: Certain reclassifications have been made to the prior year financial statements to conform to the current year presentation. These reclassifications had no effect on previously reported results of operations or net assets.

Events Occurring After the Report Date: GOLI has evaluated events and transactions that occurred between July 1, 2016 and May 5, 2017, which is the date that the financial statements were available to be issued, for possible disclosure and recognition in the financial statements.

NOTE 2 - INVESTMENTS

Investments are presented in the statements of financial position at fair value. A fair value hierarchy has been established based upon the observability of inputs to the evaluation of an asset or liability as of the measurement date. The three-level valuation techniques are based upon observable and unobservable inputs. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect market assumptions. These two types of inputs create the following fair-value levels:

GIFT OF LIFE INTERNATIONAL, INC.

**NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2016 AND 2015**

NOTE 2 - INVESTMENTS (continued)

- Level 1 - quoted prices for identical instruments in active markets;
- Level 2 - quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations the significant inputs for which are observable; and
- Level 3 - instruments the significant inputs for which are not observable.

All of the investments held by GOLI are considered level 1 investments because they are regularly traded and have quoted prices in active markets.

As of June 30, 2015 GOLI had no investments. As of June 30, 2016, the fair values of GOLI's financial instruments by major security type were as follows:

	Fair Value	Cost
Stocks.....	\$ 1,952	\$ 1,973
Mutual funds.....	44,946	42,943
Closed end funds and exchange traded products	10,070	9,429
Total investments.....	<u>\$ 56,968</u>	<u>\$ 54,345</u>

The following schedule summarizes the investment returns included in the statement of activities for the year ended June 30, 2016:

Dividends and interest	\$ 711
Realized loss.....	(448)
Unrealized gain	2,624
Total investment income.....	<u>\$ 2,887</u>

GOLI invests in various investment securities. Such investments are exposed to risks such as interest rate and market risks. Due to the level of risk associated with certain investment vehicles, it is possible that changes in the values of investment holdings could occur in the near term and that such changes could materially affect the amounts reported in the statements of financial position.

NOTE 3 - NET ASSETS

Permanently Restricted: GOLI has permanently restricted funds of \$75,000 for GOLI's George Link Jr. Memorial Endowment Fund, the principal of which is restricted by the donor in perpetuity. Under the terms of the restriction, GOLI is to use the income from the principal of the George Link Jr. Memorial Fund for program operating expenses.

**NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2016 AND 2015**

NOTE 4 - ENDOWMENT

Effective, September 17, 2010, the State of New York enacted the New York Prudent Management of Institutional Funds Act (“NYPMIFA”), the provisions of which apply to the endowment funds existing on or established after that date.

The Endowment: As outlined in Note 3, GOLI’s endowment consists of individual donor-restricted funds that have been established for the Endowment Fund portion of the George Link Jr. Memorial Endowment Fund. GOLI is required to act prudently when making decisions to spend or accumulate donor restricted endowment assets and in doing so to consider a number of factors including the duration and preservation of its donor restricted endowment funds. GOLI classifies as permanently restricted net assets, the original value of gifts donated to the permanent endowment. The portion of the donor-restricted endowment fund, consisting of unspent income from the principal, is to be classified as unrestricted net assets based on donor stipulations.

Funds with Deficiencies: From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or NYPMIFA requires GOLI to retain as a fund of perpetual duration. There were no such deficiencies as of June 30, 2016 and 2015.

Return Objectives and Risk Parameters: GOLI has adopted investment and spending strategies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets.

Strategies Employed for Achieving Objectives: To satisfy its long-term rate-of-return objectives, GOLI relies on a total-return strategy in which investment returns are achieved through a balanced portfolio of equity based and fixed securities.

Spending Policy: GOLI has a policy of spending the investment income generated from its permanently restricted endowment funds for program operating expenses, which is allowable under the donor guidelines.

Investment Policy: GOLI has an investment policy with the investment company to ensure that the endowment is appropriately invested in moderately high to moderately aggressive risk alternatives. The portfolio risk is reduced by diversifying the portfolio among various asset types such as domestic and international equities, fixed income, and specialty investments such as non-traditional and commodity funds. GOLI targets a more aggressive asset allocation that places a greater emphasis on capital appreciation, current income, and moderate returns.
